

Construction Update US Route 5 Bridge GUILFORD – week of August 14, 2017

Hello,

With the reconstructed US Route 5 bridge in Guilford open to travelers last week, the contractor Renaud Bros. has continued to put the finishing touches on the project.

Last week, Bee Barn Road and Grist Mill Road were repaved. Restoration along the riverbank was conducted by restoring the slope. The crews seeded and mulched the embankment, and removed remaining debris from Broad Brook.

This coming week, crews will stripe Route 5 in the project area. Expect one way alternating traffic managed by flaggers on Tuesday.

View of the reconstructed bridge and Route 5 roadway awaiting line striping! See more videos and photos on the project website: <http://www.us5bridgeguilford.vtransprojects.vermont.gov/>

Best regards,

Jill
